

Welcome to our Ohio Valley Pembroke Welsh Corgi Club **Pembroke Availability list.**

As a potential Pembroke Welsh Corgi owner, you should first do your homework. Do you know the characteristics of the breed? Have you visited a breeder or had a neighbor/friend who owns a corgi? Have you committed yourself/family to the care and training needed when adding a puppy to your home? Remember, not everyone having puppies is a "breeder". Breeders are committed to the breed. Breeders do genetic testing on their dogs before breeding to help insure healthy puppies, socialize and evaluate each puppy, keep puppies for a minimum of 10 weeks, provide vaccines, and a lifetime of knowledge and support.

Breeders will do their best to match a puppy that best fits your situation. Pet puppies are sold with a spay/neuter contract and the breeder may withhold AKC papers until conditions are met. Remember this; breeders are looking for lifetime homes that will provide love, vet care, medications, food and shelter. This commitment could be as long as 12-16 years.

If you are ready for this commitment, below you will find a list of puppies/adults available at this time. Pembroke Welsh Corgis are special and will love you with all their hearts.

If there is no information available that meets your needs please contact:
Judy Nolan ~ email: corgipaws@sprynet.net ~ phone: 740-929-4033.

New Puppies or Puppies Due in the Next Month

Dede Rodgers k-9corgis@aol.com 419-562-3377 4 puppies approx. 6 wks.

Elizabeth Berman spacechemist@aol.com 937-374-0100 Litter due May 17, 2013

No announcements at this time.

OVPWCC Rescue Pems

Neena Van Camp - Chair - contact NeenaPembroke@gmail.com 865-675-3306 or 513-227-3168 cell. Kathy Shannon – Co-chair – contact info wyndfal@fuse.net 513-965-8873. Karen Strasser – Match Maker –contact info Strasser@fuse.net or 513-604-1167.

Rescue dogs currently in foster care are neutered, housebroken, UTD on shots & on heart worm meds.

Maggie - 9 year old r/w female and Cory 11 year old sable male that are co-dependent having been in their home together for 9 years and need to be placed in the same home. They are in excellent health and the owner kept visited the vet with them as needed. They are each active for their age and are good with all ages of humans. They ignore cats. They want to be loved.

McGraw is a r/w male age 5 who needs to lose weight. He ignores cats but wants to be the boss dog so most suitable as an only dog. He needs a smart owner as he learned some less than great habits at his former home.

Oliver is a r/w male who is not good with youngsters but great with adults. He is just into foster care so more specific details are as yet unknown.

Clementine is a 4-5 year old tri female who has been around children and other dogs without problems. She too is new in foster care so more specific details are unknown.
See the rescue section of this site for an application.
